While the sixth generation of Corvette has officially been bookended, enthusiasm for the C6 remains high. And why not? All-new in most every way, the 6.0L/400-horse "base" '05 was but a springboard to the brawn to come. The reentry of the club-racer Z06 introduced small-block 427s and carbon fiber, followed by the sublime supercharged ZR1, next the Z52 dry-sump Grand Sport coupe, and lastly the era-ending LS7 convertible. (Whew.) A lot to excited about – and we certainly are! That's why Zip offers the best and latest in interior, exterior and underhood personalization, wheels, performance, and Corvette-theme apparel and lifestyle accessories. Zip: Corvettes are all we do.

GENERATION SIX

take Zip for a spin.

Much has changed in the Corvette marketplace since Zip Products was founded over 35 years ago, but the cornerstone we're built upon was and is customer service. Experts and hobbyists alike face what can be an intimidating choice of options when making a purchase today – to the point that it's worth taking a moment to ask, "Where are my parts coming from?" While price is commonly first consideration, shouldn't quality and "sale support" carry equal weight? Often you'll find the absence of those key practices behind the perfect buying experience turning not so perfect. That's why we here at Zip believe it important for customers to know that the voice at the other end is a true enthusiast. Someone who, in minutes, can hold in their hands any item in stock. Further, someone with knowledge of, experience with, and genuine affection for, the car we hold so dear: Corvette.

To our customers I say thank you, your continuing business, and trust, is appreciated. For those yet to experience "the Zip way" I invite you to place an order today. Zip is Corvettes. It's all we do!

At Zip, we see a happy customer being a repeat customer. If you're not 100% satisfied with any product for any reason, we'll promptly make it right.

We work hard to make sure our prices are competitive. That said, it's possible you may on occasion find "cheaper" merchandise elsewhere. If it is the *same brand part or accessory* offered for a lower price by another supplier, we'll match it. Don't sacrifice quality and customer service for a few dollars – call Zip!

Shipping

- **ships today!**
- **UPS Ground & Air**

We're proud that orders placed by 3:00 p.m. EST ship that same day on in-stock items!

UPS Ground expected delivery is 1-6 business days within the continental USA. Saturdays, Sundays and holidays are not included in UPS delivery times.

Air services include Next Day Air, 2nd Day Air, and 3 Day Select. Saturday service available on Next Day Air shipments only (additional charges apply).

Discounts

Zip offers discount programs to qualifying automotive-related businesses. Presently, over 3,000 domestic and international customers enjoy a discount on their orders. Call for how to qualify.

Gift Cards

Surprise your favorite Corvette enthusiast with a gift card redeemable for merchandise from Zip's catalogs or Web store. Choose $25, $50 or $100 amount.

Zip's campus in Mechanicsville is the site of seasonal Corvette events for both local clubs and the NCRS. When in the Richmond, Virginia area, stop and say hello – we're just east of downtown Richmond and only a quick drive off interstates I-64, I-95 or I-295.

Zip Installs!

If "turn-key" sounds more appealing than "do-it-yourself", Zip's in-house install facility means you can drive away with clean hands, a big smile – and confidence. It's manned by talented professionals, and all work performed is backed by our customer satisfaction guarantee.

Check your '07 or '13 OE mats before ordering. '05-07-Early Corvettes have post, '07-Late-13 use "hook" anchor. '13-Early hook sits 8.25" from door sill, '13-Late measures 9.5". Zip has mats to fit all '13 production.

Ultimats™

As the name suggests, enjoy "living room" luxury – in your Corvette! Ultimats use two pounds of 2-ply twisted nylon yarn per square yard to create a dense 5/16" pile that holds up to hard use. Bound edges can never unravel. OE colors with embroidered logo appliqué. Floor mats anchor same as factory.

When GM's design studio was tasked with drawing a more-brawny rendition of the C6, what flowed out of their collective pen was the Z06. Mission accomplished, we'd say. Not ones to rest on their inkwells, subsequent revisits brought the wide-body winners ZR1 and Grand Sport. Again, job well done. While common sense suggests every Corvette built won't be a "Z" or GS – there's no reason it can't look like one! As body updates become ever more popular, Zip has stepped to the forefront by offering both OE and premium reproduction panels.

GM Z06/ZR1/Grand Sport Body Panels

The most authentic route to transform your C6: exact GM panels as installed on the assembly line. Lightweight carbon fiber Z06 front fenders fit OE bumper only. Rear coupe or convertible quarter panels allow fitment of 19"x 12" wheels. Paint to match.

BU-483	06-13	GM Z06/ZR1/Grand Sport front bumper	849.95
X-2692	05-13	GM ZR1 rear spoiler (paint to match)	649.95

Quarter Panels Completion Kit

Zip's kit includes all required grills, ductwork, liners, moldings and seals to complete installation of GM Z06/Grand Sport coupe or convertible panels, or ACI reproduction Z06 rear quarters, onto a stock C6. Must reuse original fastener hardware.

F-636	05-13	Z06 quarter panels completion kit	[6]499.95

Zip Products Grand Sport Body Package

Turn your standard C6 into a "Grand Sport" and skip the headache of chasing down individual parts at the local Chevy dealer. Zip's kit includes GM fenders with Grand Sport emblems, GM Z06/GS coupe quarter panels or GS convertible quarters, GM Z06/ZR1/GS front bumper, and all seals, trim, fasteners, etc. required to complete installation. Paint to match. See www.zip-corvette.com for complete contents. Ships truck freight.

F-626	05-13	Zip Z06 body kit, Convertible *(ND)*	6,495.95

ACI Reproduction Z06 Body Panels

American Custom Industries (ACI) is known for hand laid fiberglass panels of the highest quality. Identical in exterior appearance to factory Z06 pieces, these panels have a smooth gel coat finish with a rough inner texture. Fenders fit GM Z06 bumper only (Zip BU-483). Rear quarter panels have correct scoop and "thin lip" wheel well profile. Paint to match. Zip recommends our F-636 completion kit to simplify quarter panels installation. Front fenders ship truck freight. Add $10.00 crate fee per item per side.

F-648	06-13	Z06 front fender (LH or RH)	[6]359.95 each
F-647	06-13	Z06 Coupe quarter panel (LH or RH)	[6]342.95 each
F-634	06-13	Z06 Convertible quarter panel (LH or RH)	[6]342.95 each

ACI Side Skirts

Flared rocker extensions visually lower your Corvette without giving up actual ground clearance. Hand laid fiberglass. Paint to match. Add $10.00 crate fee. Sold as pair.

F-615	05-13	Side skirts	[2]587.95

ACI Ground Effects

Similar visual lowering effect as side skirts, but fit below factory rocker panels. Hand laid fiberglass. Color match or paint contrast black. Add $24.00 crate fee. Sold as pair.

F-616	05-13	Ground effects	529.95

ACI Z06-Style Front Spoiler

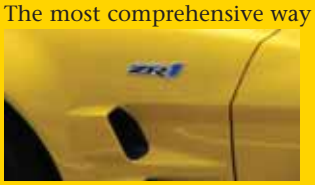
Add the aggressive Z06 look with ACI's hand laid fiberglass spoiler with brake cooling ducts. Mounts to standard C6 bumper. Paint to match. Add $10.00 crate fee.

F-646	05-13	Z06-style spoiler	[3]369.95

Zip offers a select group of body panels manufactured using RTM (Resin Transfer Molding) technology. This process produces parts of exceptional quality, made by injecting fiberglass into match molds then compressing it all under high pressure. Panels that pop out are smooth-finish on both sides with a uniform thickness, plus RTM's accelerated cure time eliminates any possibility of "wet" parts becoming distorted after leaving the molds. Finished panels are CNC water jet trimmed for clean edges and precise shape. The end result is superior fit, superior finish – and superior appearance!

Zip Products ZR1 Body Package

The most comprehensive way to update your C6 to ZR1 appearance. Zip's kit includes GM carbon fiber fenders, GM Z06/GS coupe quarter panels or GS convertible quarters, GM Z06/ZR1/GS bumper, and all seals, trim, fasteners, etc. required for installation. Paint to match. See www.zip-corvette.com for complete contents. Does not include front splitter or side skirts – must add carbon fiber or RTM replicas additional. Ships truck freight.



F-664	05-13	Zip ZR1 body kit, Coupe *(ND)*	6,695.95
F-663	05-13	Zip ZR1 body kit, Convertible *(ND)*	6,695.95

Reproduction ZR1 Front Splitter

Duplicate of OE carbon fiber splitter in hand laid fiberglass. Paint to match. F-652 fits standard C6. Also available painted – specify factory body color. Not recommended for track/competition use. Includes hardware for bolt-on installation.

X-2817	06-13	ZR1 painted front splitter, Z06/ZR1/GS	(6)499.95

Reproduction ZR1 Rear Spoiler

Identical look and ABS composition as GM piece. Arrives painted body color – simply bolt on. Most factory colors available. Install requires minor drilling. Includes hardware. Fits all C6.

X-2818	05-13	ZR1 painted rear spoiler	429.95

ZR1 Front Splitter

At the 200 mark the ZR1 required additional downforce to keep the nose planted. GM's solution – a wicked chin splitter to control airflow – is a direct bolt-on for Z06/GS. Zip offers the real-deal OE carbon fiber splitter as well as a high-quality RTM replica. Front bumper reinforcement is recommended due to increased downforce.

ET-518	06-13	GM ZR1 front splitter, carbon fiber	2,099.95
BU-501	06-13	ZR1 front bumper reinforcement	169.95
F-670	06-13	ZR1 front splitter (RTM), w/reinforcement	(6)599.95

ZR1 Side Skirts

Designed to work in combination with downforce generated by chin splitter. Requires use of Z06/ZR1/GS fenders and quarter panels. Available in OE carbon fiber or as high-quality RTM replicas. F-667 completion kit is factory plastic rear guards and retaining hardware. F-657 RTM skirts include hardware and "Gurney flap" rear lips.

F-662	06-13	ZR1 skirts, carbon fiber (GM) (LH or RH)	1,499.95 each

Edelbrock E-Force Supercharger

An icon in the hot rod industry, Edelbrock's entry into the Corvette supercharger arena is formidable. LS2/LS3 system knocks right on the door of 600 flywheel horsepower. LS7 boasts 657! LS3 Grand Sport with dry sump oiling requires additional hardware. Unique to E-Force are 12" long runners that build maximum low end torque. OE look and fits under stock hood. Kit highlights include top-mount assembly with Eaton 4-lobe rotors and integral bypass valve, dual intercoolers, twin-core heat exchanger, handheld ECM programmer, intake duct, fuel injectors and rails, high volume in-tank fuel pump, and cast engine covers with black powder coat finish.

A&A Corvette/Vortech Supercharger

Beauty meets brawn – to the tune of +175 rear-wheel horsepower! Show-polished Vortech supercharger, duct, CNC-cut 6061 aluminum plate brackets, and stainless clamps. Shroud is satin black powder coat. Fits under stock hood. A&A's superior engineering addresses key areas essential to building maximum power: alignment, belt wrap (best in industry), and intercooler design, size and placement. Includes injectors. LS2/LS3 includes Boost-A-Pump™ fuel system upgrade. LS3 Grand Sport with dry sump, and LS3 Z51 6-speed with external cooler require Direct Fit® aluminum radiator with built-in engine oil cooler (EOC) at additional cost *(see page 51)*. LS7 package includes radiator. All require custom ECM calibration.

Zip Products Performance Billet Pulleys

If you're planning even modest power gains, Zip's billet pulleys are a must. Milled from 6061-T6 aircraft grade aluminum, both exceed the load capabilities of OE components. Unique 10-spoke power steering pulley is polished finish. Tensioner pulley features taller lip to hold belt securely. Black hard coat anodized finish. Includes Timken bearing and retainer. Made in the USA.

Magnuson Magna Charger Supercharger

Nothing says performance like a top-mount supercharger – and the muscular "MC" fairly shouts it! Zip's bolt-on Magnuson/EATON hybrid-roots packages have excellent street manners and deliver +130 hp to the rear wheels. All include cast aluminum manifold, air intake, intercooler, heat exchanger, fuel injectors and rails, custom ECM programming and factory "push-lock" connectors.

MP112 Magna Charger

Fifth-generation design uses twin 3-lobe, high-helix rotors and features integral bypass valve. Fits LS2 Corvettes. Requires high-rise hood. Satin (silver) painted case.

Zip Products Mamba Air Induction

100% real carbon fiber. 100% real horsepower. Zip's Mamba is both an engineering marvel – and a work of art! The most air you can squeeze through the throttle body short of using a supercharger. Specific-design air filter is one of the industry's largest. Dyno proven 20+ hp gain when used with Mamba fresh air scoop. Direct bolt-on for LS3/LS7. LS3 install requires DiabloSport inTune programmer *(see page 49)*. LS2 retrofit requires additional components – call Zip technical support for details, or view at www.zip-corvette.com.

Mamba Fresh Air Scoop

Directs fresh air directly into Mamba air box opening. Will also work with factory LS3 and LS7 air box. Note LS2 retrofit and LS3 when used with Mamba intake requires custom PCM programming due to increased volume of air.

PM-654	**05-13**	**Mamba carbon fiber fresh air scoop**	**119.95**

Blackwing® Air Induction

Only one thing is better than *more* air – and that's *clean* air. Synteq™ microfiber media out-flow and out-filter all competitors. Flows as much as 80% over factory induction. Built-in indicator takes the guesswork out of when filter needs cleaning. Bolt-on install.

Vortex Rammer Cold Air System

For a real power boost, swap your Corvette's restrictive OE air box for Vortex Rammer induction. Pressurized air is forced into a sealed "black box" – where a vortex velocity stack air cleaner injects cold air directly into the intake. Includes filter and power duct. Installation requires cutting radiator shroud.

PM-473	05-07	LS2 Rammer.....	539.95
PM-561	06-13	LS3/LS7 Rammer	539.95

Hurricane Air Induction

Innovative design delivers big power – and killer looks! Hurricane's twin intake scoops keep water out yet draw in huge amounts of air. Includes filter with recharge kit.

PM-508	05-07	LS2, carbon fiber	649.95

Factory LS7 Fuel Pump

Genuine GM fuel pump in '06-12 Z06. Ideal retrofit for LS2 and LS3 Corvettes when larger volume is required. Zip recommends upgrading pump when adding supercharger.

PM-554	05-13	LS7 factory pump	399.95

ZR1 Air Filter (LS3/LS7 Upgrade)

GM's ZR1 engineering included improving the airflow capabilities of Donaldson's factory Z06 PowerCore™ filter. Ultra-low restriction design is a drop-in upgrade for '06-12 LS3/LS7. Features new style retainer with improved sealing.

PM-518	06-13	ZR1 air filter.....	149.95

100mm MAF Sensor

If you've added a supercharger, turbo(s) or machine-shop cubic inches to your LS2 or LS7, this MAF is a must. Supports 1,000 hp! Install requires intake tube fabrication and PCM programming of MAF curve. Machined aluminum with black powder coat finish. LS2 must use PM-625 adapter harness.

PM-692	05-07	100mm sensor	299.95
PM-625	05-07	Adapter harness	34.95

Green Air Filter

Improve performance – go Green! As in Green Filter USA. The flow difference between paper and oiled cotton may not be much when both filters are brand new, but a few hundred miles later it can be significant (as paper loses efficiency once dirty). Green filter's precision pleat geometry traps 20% more contaminants while optimizing airflow into the engine. AC-233 filter when used for ZR1 requires AC-223 retainer. Lifetime guarantee.

Callaway Honker Air Induction

CAD-designed contours maximize flow for proven 34% increase over factory air intake unit – plus eliminate restrictive over-the-radiator gooseneck. OE-grade polymer. Rigid base draws-in cooler, denser air from outside engine bay. Includes washable cotton filter element.

Power Coupler

Smoother, "straighter" air builds power. Silicone coupler replaces OE accordion coupler to reduce turbulence into throttle body. Fits LS3 and LS7. Includes stainless clamps. Specify red or black.

PM-599	06-13	Power coupler.....	59.95

Attack Blue Air Filter

Excellent choice if you're looking to improve breathing without changing the factory induction system. Attack Blue's "big mouth" opening gulps air while it's tapered exit reduces turbulence to near-zero. Filters down to five microns – all you get is power! Washable and reusable. When used for ZR1 requires AC-223 retainer.

FAST™ LSX Intake Manifold

Advanced design features larger plenum size and longer, tapered runners to build power across a wide band. Polymer composition offers superior heat dissipation over aluminum. 3-piece assembly allows easy access for match porting or other mods. Features molded bosses for direct port nitrous injection. LS2 requires PM-572 firewall clearance kit. GM throttle body fits LS2, LS3 and LS7.

"Z Power" Coil Packs

Direct replacement coils work seamlessly with factory engine control electronics. 15% bump in mJ (millijoules) (hotter spark) plus increased dwell time over stock coils guarantee faster starts and more complete combustion. Ideal for Corvettes with head/cam swaps, headers, supercharger, etc. Include OE-style connectors – installation requires no modifications. Set of 8. Fits LS2 and LS3/LS7.

PM-766	05-13	"Z Power" coil packs	599.95 set

SprintBooster Power Converter

Plugs into accelerator pedal to end signal delay common to drive-by-wire systems. Dash mounted switch offers preset response based on chosen driving style: stock/street, "mild aggressive" – or all-out!

PM-639	06-13	SprintBooster	299.95

MSD Super Conductor Wires

ATI Super Damper® Harmonic Balancer

OE dampers are optimally tuned to a narrow band of "perceived" normal driving conditions and do not perform well outside of those limits. ATI's Super Damper can handle any street or racing scenario to better protect your engine. Black zinc chromate finish with laser engraved timing marks. Note LS-series TTY bolts are one use only (torque once) – use new bolt whenever replacing harmonic balancer. Belts and crankshaft pinning kit for PM-750 available separately.

ZR1 Supercharger Pulley Kit

19% overdrive ups boost 3-4 psi on stock LS9. Includes steel 2.60" drive pulley and aluminum 100mm idler assembly. Does not require PCM programming or OE serpentine belt change. Install requires snout disassembly and advanced installation capabilities.

PM-633	09-13	LS9 pulley upgrade kit *(ND)*	429.95

ZR1 Supercharger Pulley Upgrades

2.60" pulley spins 19% over stock for 3-4 psi bump. Uses factory harmonic balancer and serpentine belt. Install requires PM-655 100mm idler kit. 2.38" pulley yields 32% overdrive for +6-10 psi. Uses factory balancer. Install requires PM-660 76mm idler kit, PM-661 82.5" belt and custom PCM programming.

PM-659	09-13	LS9 10-bolt pulley hub *(ND)*	59.95

ZR1 Supercharger High-Flow Intake Snout

Lingenfelter snout improves air flow for reduced pressure drop and increased power when using OE or higher-spin drive pulley. 356-T6 cast aluminum. Accommodates up to 100mm throttle body. Includes installed quick-change 10-bolt stainless hub. Install requires fabrication of new air intake system.

PM-656	09-13	LS9 high-flow intake snout *(ND)*	1,495.95

Aluminum Valve Covers

More than just "fab" looks, fabricated valve covers fit roller tip or 1.85:1 ratio rockers without having to use spacers. Factory coil brackets bolt on same as stock. Note install requires alternator, alternator bracket and coil brackets be ground to provide necessary clearance for proper fit. Includes new mount bolts and gaskets. Sold as pair.

PM-672	05-13	Trinity	599.95

Zip Products Fuel Injectors

A common trip-up for aftermarket injectors is spray pattern, as the Corvette's ECM includes built-in models that cannot be changed. Superior to common cone-spray injectors, Zip's 58 lbs./hr. injectors have the exact "pencil" (narrow) pattern as factory injectors. The payoff? Precise spray = precise performance. Set of 8 flow matched injectors (less than 1% variance) include USB thumb drive with updated injector data for ECM.

PM-765	06-13	LS3/LS7, 58 lb. w/data	799.95

Deka Fuel Injectors

High-flow injectors are recommended if adding a supercharger or turbo. The standard for injector flow is measured at 3 bar – Corvette fuel systems flow at 4 bar, which changes the amount of fuel dispersed by the injector. Deka 60 lb. actually flow 73 lbs./hr. at 4 bar measurement. Direct replacement for OE injectors. LS2 "tall" style require connector adapters. LS3/LS7 include harness. Set of 8.

PM-682	05-07	LS2 (tall), 60 lb.	399.95

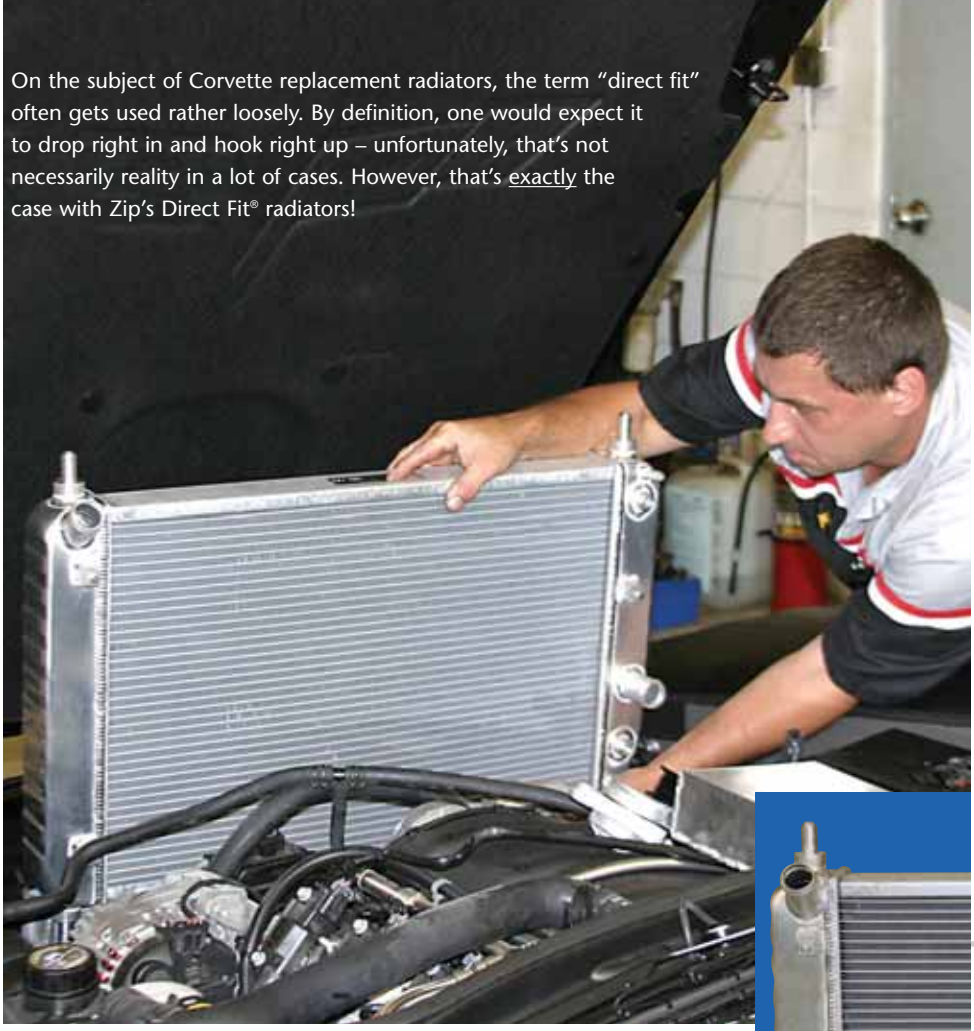
PM-725	09-13	Silicone radiator hose kit.....	389.95



On the subject of Corvette replacement radiators, the term "direct fit" often gets used rather loosely. By definition, one would expect it to drop right in and hook right up – unfortunately, that's not necessarily reality in a lot of cases. However, that's exactly the case with Zip's Direct Fit® radiators!

Direct Fit® Aluminum Radiators

Like the name says, our radiators are designed to bolt right in – no ifs, ands or buts. Every Direct Fit radiator is made in the USA and begins life as a double-row core furnace brazed for strength and accuracy. Press formed end tanks are meticulously TIG welded by real craftsmen to ensure leak-free performance and knockout looks. Have a work of art under your hood!

Direct Fit

For a stock C6, the factory radiator does its job very well. But, as soon as modifications come into play cooling needs to be addressed. Direct Fit increases capacity 100% over OE unit, eliminates failures due to cracked plastic end tanks and/or gasket leaks – and is epoxy free. RA-188 is a direct replacement for 6-speed non-Z51. RA-174 has built-in engine oil cooler (EOC) same as factory. RA-189 fits all Z51 originally equipped with EOC and transmission oil cooler (TOC).

RA-188	**05-13**	**Direct Fit, 6-speed non-Z51, does not include EOC or TOC**	**(1)609.95**
RA-174	**05-13**	**Direct Fit, 05-10 Automatic non-Z51, 07-10 Z51 & 06-10 Z06, includes TOC**	**(1)679.95**
RA-189	**05-13**	**Direct Fit, Z51, includes EOC & TOC**	**(1)749.95**
RA-220	**09-13**	**Direct Fit, ZR1**	**(1)929.95**

Direct Fit w/EOC Upgrade

Designed for 6-speed non-Z51 cars that require the added benefit of a built-in EOC. 7-plate cooler features 3/4-16 SAE ports identical to OE radiator. Use Zip's RA-219 hose assembly to complete upgrade, or install included #10 AN fittings for use with custom stainless hoses.

RA-190	**05-13**	**Direct Fit w/EOC, converts 6-speed non-Z51 to have factory-style EOC**	**(1)679.95**
RA-219	**05-13**	**Engine oil cooler hose assembly**	**229.95**

Adjustable Fan Controller

Plug-in module interfaces with OE controller to permit manual operation of fan. Console control switch requires no modifications to wiring. Ideal for track use – can even force-cool engine when car is unattended.

SPAL Fans Upgrade

Simple science says less engine heat equals more power. Satisfy the most severe cooling demands by "bulletproofing" your Direct Fit radiator with twin SPAL fans pushing over 2,760 cfm – a 40% boost over factory single fan. Includes required relays and wiring. *(Does not include Direct Fit radiator as shown.)*

02 Sensors Extensions

Designed by Zip Products specific for Kooks headers/X-crossover, but can be used with most long tube headers. Built from same high-heat TXL wire as sensors and feature OE-style connectors. Reflective wrap protects wires against burn-through to 700°.

EX-682	05-13	LS2/LS3 O2 sensor extensions (set of 4)	89.95
EX-2076	06-13	LS7/LS9 O2 sensor extensions, pair	44.95

Kooks R-Series "Stepped" Long Tube Headers

Exclusive to Zip Products – built by Kooks and tested in the Banner Engineering SPEED World Challenge GT and Rolex GT Corvettes. Stepped design melds the particular advantages of specific tube diameters: low end torque from 1 3/4" primaries, then opening up to 2" for unrestricted top end. Require replacing OE mid-section exhaust. Kooks stainless high-flow converters with X-crossover and mid-pipe recommended for street use. PM-460/PM-644 mid-pipe necks down to 2 1/2" to fit factory or aftermarket mufflers. LS7/LS9 pipe is 3" throughout. PM-632 (off-road) has no converters. Includes hardware, gaskets and O2 sensor extensions.

Kooks LS2/LS3 Long Tube Headers

For torque and bottom-end power, long tubes are it. 304 stainless steel with 3/8" laser-cut flanges, mandrel-bent primaries, and 3" merged collectors plumbed with emission fittings. 1 3/4" best for stock or if using aftermarket air intake, 1 7/8" with heads and cam upgrade. Must replace OE mid-section exhaust – ideal upgrade is Kooks stainless high-flow converters with X-crossover and mid-pipe. Mid-pipe necks down to 2 1/2" to fit factory or aftermarket mufflers. Includes hardware, gaskets and O2 sensor extensions.

Kooks LS7/LS9 Long Tube Headers

Specific fit for LS7/LS9. Feature 3/8" D-port flanges, 1 7/8" primary tubes and 3" Venturi collectors with O2 fittings. Long tube headers require replacing OE mid-section exhaust. Kooks stainless high-flow converters with X-crossover and mid-pipe recommended for street use. PM-632 (off-road) has no converters. Includes hardware, gaskets and O2 sensor extensions.

CORSA PERFORMANCE EXHAUSTS

CORSA Xtreme

The name says it all – light weight, big flow, deep idle. Aggressive track-inspired sound and "feel" yet retains the no-drone interior comfort CORSA is famous for. Polished 3.5" or 4" Pro-Series tips. Zip strongly recommends adding CORSA's XO-pipe if you're going Xtreme! EX-767/EX-831 recommended for 6-speed Corvettes only.

EX-767	05-08	LS2/LS3 Xtreme, 6-speed, 3.5" tips	1,399.95
EX-778	09-13	LS3 Xtreme, 6-speed/A6 paddle, 3.5" tips	1,399.95

EX-777

CORSA Sport

The sound of performance: nice growl at idle, robust under spirited acceleration, deep tone when cruising. All with no interior drone. 304 stainless steel with polished 3.5" Pro-Series tips. Fits 6-speed and automatic including A6 paddle shift.

EX-677	05-08	LS2/LS3 Sport (axle-back)	1,399.95
EX-777	09-13	LS3 Sport (axle-back)	1,399.95

EX-2077

CORSA Z06/ZR1 3" Sport

OE Z06/ZR1 exhaust steps down to 2.5" at the muffler. CORSA 3" inlet pipe negates factory pinch. 4" Pro-Series tips available polished or in Black Diamond coating. Sounds "uncorked" at start-up. Zip recommends EX-2079 3" XO-pipe for optimum balance and sound.

EX-2077	06-13	Z06/ZR1 3" Sport, polished tips	1,649.95
EX-868	06-13	Z06/ZR1 3" Sport, Black Diamond tips	1,849.95

MagnaFlow System

Who says great sound and great performance can't be found in the same design? MagnaFlow's flagship system speaks their signature growl, yet is well-mannered for daily commutes. Quad 4" rolled tips.

EX-796	05-08	LS2/LS3 MagnaFlow system	1,531.95
EX-2115	09-13	LS3 MagnaFlow system	1,531.95

MagnaFlow Z06/ZR1 3" System

OE Z06/ZR1 exhaust steps down to 2.5" at the muffler. MagnaFlow 3" inlet pipe negates factory pinch. Quad or twin 4" rolled tips. Includes 3" Tru-X crossover pipe for optimum balance and sound.

EX-794	06-11	Z06/ZR1 3" + Tru-X pipe, quad 4" tips	1,625.95
EX-793	06-11	Z06/ZR1 3" + Tru-X pipe, twin 4" tips	1,435.95

B&B Route 66

Perfect blend of sound, looks and "comfort". Throaty idle with a nice rumble at highway speeds, yet minimum cockpit noise. Choose quad 4" round or 4.5" oval tips.

EX-2052	05-08	LS2/LS3 Route 66, 4" round tips	1,219.95
EX-808	09-13	LS3 Route 66, 4" round tips	1,219.95

EX-805	09-13	LS3 Bullet, 4.5" oval tips	1,121.95

B&B Z06/ZR1 Bullet

GM's exhaust pinches down to 2.5" at the muffler. B&B's Z06/ZR1 Bullet uses 3" inlet pipe to expedite spent gases, plus adds additional resonated mufflers. Choose quad 4" round or 4.5" oval tips.

EX-2083	06-13	Z06/ZR1 Bullet, 4" round tips	1,439.95
EX-2084	06-13	Z06/ZR1 Bullet, 4.5" oval tips	1,439.95

B&B Fusion

Fusion is essentially the Bullet married to OE-style bi-modal control valves. Cruise "under the radar" – then bring on the thunder with your right foot! Factory NPP option Corvettes adding Fusion use ECU control same as OE exhaust. Systems for non-NPP cars include B&B's standalone vacuum control kit. Z06/ZR1 Fusion has 3" inlet pipe. Quad 4" round or 4.5" oval tips.

Camber Adjustment Kit

Factory eccentrics can slip when "pushed" – don't lose your pricey performance alignment every time you nail a pothole or drop a wheel off the track. Kit allows for maximum negative camber and eliminates eccentrics so settings are locked in. Stainless studs replace upper A-arm bolts, shims set camber and caster. Lower bolts are locked in max position using offset plates, shims dial-in alignment.

LG Motorsports Billet Drag Spindles

Near-identical in appearance to SU-1262 shown above. Shortened height allows fitment of 15" wheel/tire combo for wider selection in size and slicks compound. Install may require minor modifications depending on rim choice. Reuse OE calipers and park brake. Z51 and Z06 must use standard C6 rotor and caliper for clearance.

Polyurethane Bushings Kit

Non-deforming polyurethane delivers quicker steering response and predictable handling in all driving modes. Includes front and rear control arm bushings plus rear spring cushions. Replacing original rubber bushings with poly replacements means your stock control arms will exceed even GM's own T1 specifications! Fits standard C6.

SU-853 05-13 Polyurethane bushings kit..... 99.95

Polyurethane Bushings Completion Kit

When installing poly bushings, Zip recommends not reusing the OE shafts and sleeves – the effort involved to cut and/or burn off the rubber bushings (then clean all the parts!) can double the project. Kit replaces factory aluminum pieces with steel for a stronger, more responsive set-up. Fits standard C6.

Z06 6-speed Transmission Upgrade

Exact same close-ratio trans factory installed in the track-ready Z06. Allows LS2/LS3 6-speed Corvettes to upgrade to heavy-duty LS7 differential. Includes cooler. Non-Z51 install requires blocking off lines or adding aftermarket transmission cooler.

T-446 06-13 Z06 TR6060 6-speed. 3,295.95

Z06 differentials have larger ring & pinions and can be installed in '06-13 A6 automatic Corvettes using Zip's SU-1207 upgrade kit. '06-13 LS2/LS3 6-speed cars can use Z06 diff only if upgrading to a Z06 transmission. Call Zip tech support for information about Z06 differential conversions.

LG Motorsports Trans & Diff Cooler Package

Designed to withstand the withering heat generated in dedicated track cars. Separate coolers for transmission and differential eliminate unwanted heat transfer that occurs in factory setup. Key is a CNC-milled billet aluminum diff cover that holds a mechanical 2-stage dry sump pump driven by the pinion. No more having to remember to turn the pump on – whenever the car moves, oil flows. Includes differential mounted pump, all braided lines and AN fittings, pair of Setrab coolers and hardware. Also available as diff cover/pump only to plumb own system – does not include coolers, lines, fittings and hardware.

"Thermal-Abs" Exhaust Tunnel Plate

Exhaust heat radiating up through the console can crimp the fun of cruising your Corvette. Elite Engineering's "Thermal-Abs" solution replaces the factory tunnel reinforcement/heat shield plate with a beefier 1/4" 6061-T6 aluminum version with a heat reflecting ceramic coating. Composite fiberglass insulation is bonded to the underside for cumulative heat reduction of 60+ degrees over original plate. End result is a stiffer chassis and cooler interior. Uses OE hardware. GM changed tunnel plate mounting configuration on '11-13 Z06/ZR1 – Zip recommends not re-using OE bolts for rear (4) mounting points due to risk of damaging threaded inserts.

Aluminum Flywheel

A lightweight flywheel spinning a high-clamp clutch means less power loss in the drivetrain – and more torque to the pavement. Fidanza's 6061-T6 aluminum entry features a replaceable 1045 steel friction plate that attaches with military-grade fasteners. 1050-grade steel ring gear is heat treated then pressed on and secured with Grade 8 button screws. Stepped dowel design ensures that once the pressure plate is installed the dowels are locked-in. Compatible with all types of clutch material including organic, Kevlar®, ceramic, metallic and sintered iron.

Carbotech™ Brake Pads

Track-proven compounds draw on ceramic and metallic pad technology to perform over a wide range of operating temperatures. All are rotor friendly and offer low wear.

Carbotech Bobcat 1521™

High performance street/weekend autocross use. Ceramic-based compound is low noise, low dusting and rotor friendly. Excellent initial bite and outstanding performance even when cold. Friction coefficient is ~.45 over an operating range of ambient to 900°F. DB-690 shown. Sold in axle sets.

Wilwood Racing Brake Fluid

EXP 600 Plus has tested to 626°F with a wet boiling point of 417°F to withstand even the severe heat and pressure cycles of pro-level motorsports. Maintains firm pedal and consistent, quick response long after lesser blends have failed. Low viscosity.

DB-703	EXP 600 Plus brake fluid	19.95

Performance Rotors

Superior braking, aggressive looks – attractive price! Dimpled and slotted to efficiently shed gasses and spent pad material trapped between rotor and pads. Sold in car set.

DB-857	05-13	Rotors, fit All except Z51, Z06/GS	599.95 set

Zip Products 2-Piece Slotted Rotors

OE replacements for demanding enthusiasts. Ideal for performance street/autocross use. Recommended for HPDE drivers – slots are best for channeling gasses and spent pad material from rotors. Zip-spec Coleman Racing units feature CNC-milled 6061-T6 billet aluminum hats with a hard coat anodized finish and aerospace NAS fasteners. 2-piece rears fit GM park brake assembly. DB-750 not recommended for street use. Save 30+ pounds over factory rotors! Zip also offers OE rear rotors with machined slots to match 2-piece fronts.

DB-753	05-13	Zip 2-piece front, 13" except Z51, Z06/GS	689.95 pair
DB-777	05-13	Zip 2-piece front, 14" (13.4") Z51	759.95 pair

Zip Products 2-Piece Drilled Rotors

Identical to Zip's Coleman-built slotted rotors, only cross-drilled for lighter weight, increased cooling – and killer looks! Drilled rotors move gasses and spent material on par with cut slots, but are not recommended for repeated HPDE events or if using highly aggressive pad compounds. Rears accommodate GM park brake assembly.

DB-845	06-13	Zip 2-piece rear, drilled, 13" Z06/GS	899.95 pair

Wilwood Brake Kits

Incredible stopping power – wrapped in stunning looks. Applying motorsports technology to street applications, Wilwood's big brakes are an ideal compliment to suspension, wheel and tire upgrades.

Front Big Brake Kit

For spirited street/autocross driving – and bonus "see-through" style. Includes: 2-piece 14" drilled and slotted SRP rotors with black anodized, GT Series CNC-milled aluminum hats • black or red Billet Superlite 6-piston calipers • BP-10 medium friction, low dust/low noise pads • alloy caliper brackets • Wilwood braided stainless hoses. Bolt-on install fully compatible with OE master cylinder and ABS.

DB-661	05-13	Wilwood 6-piston, 14" front, black	1,849.95
DB-660	05-13	Wilwood 6-piston, 14" front, red	1,949.95

Rear Big Brake Kit

Perfect compliment to front kit. Includes: 2-piece drilled and slotted SRP rotors with iron GT hats/drums (for park brake) • black or red Superlite 4-piston calipers • BP-10 pads • caliper brackets • Wilwood braided stainless hoses. *13" rear requires 3/16" spacer for OE rims.*

DB-663	05-13	Wilwood 4-piston, 13" rear kit, black	1,699.95
DB-662	05-13	Wilwood 4-piston, 13" rear kit, red	1,849.95

DB-664	05-13	Wilwood 4-piston, 14" rear kit, red	1,939.95

Motive POWER BLEEDER™

One-person brake and hydraulic clutch bleeder flushes entire system without refilling. Must-have toolbox addition for enthusiasts who prefer doing their own service and upgrades. Totally portable – requires no auxiliary air or power source. Hand pump reservoir features built-in pressure gauge for safe operation. Companion 500 ml catch bottles have return nipple to prevent spills and stainless lanyard to hang bottle near work area. Sold as pair.

DB-638	05-13	Brake & hydraulic clutch bleeder	64.95
DB-635		POWER BLEEDER catch bottles	22.95 pair

C6 Z06 Calipers & Zip Rotors Kit

Big brakes – with an "OE" look. Includes: GM Z06 calipers (feature CORVETTE script) • Zip Z06/Grand Sport-size 2-piece rotors (14" front, 13" rear with park brake provision) • new GM hardware • braided stainless hoses • Hawk ceramic pads. Bolt-on install fully compatible with stock master cylinder and ABS. *Requires minimum 18" rim with sufficient offset.*

Wilwood W6AR Extreme Front Kit

For aggressive street and advanced club driving. Includes: 2-piece 14.25" asymmetrical slot GT Racing rotors with black anodized, forged aluminum hats • Huge, race-bred W6A 6-piston calipers • BP-20 metallic composite high-performance brake pads • CNC-cut alloy caliper mount brackets • Wilwood braided stainless hoses. Bolt-on installation fully compatible with stock master cylinder and ABS. *Requires minimum 18" rim with sufficient offset.*

DB-735 05-13 W6AR extreme front, black 2,195.95
DB-734 05-13 W6AR extreme front, red 2,195.95

W6AR/ST Road Race Front Kit

Sustained high-temperature competition braking. No street use. Identical to Extreme kit with two key upgrades: calipers have Wilwood's exclusive Thermlock® pistons and use PolyMatrix "H" compound (race only) pads. Black only.

DB-738 05-13 W6AR/ST road race front 2,595.95

Zip Products 2-Piece Floating Rotors

Race use only using extremely aggressive pads. Same Coleman Racing roots as Zip's 2-piece slotted and 2-piece drilled rotors. Hard coat anodized 6061-T6 billet aluminum hats with NAS fasteners. Rotor walls are beefy .360 thick versus .250 for"lighter duty" 2-piece rotors. To survive heat cycle of competition braking – and the expand/contract effects it has on dissimilar alloys – floating design uses drive bobbins that allow the iron rotor to move independent of the aluminum hat. End result is no binding, no distortion, and no cracks ... just superior stopping. Fit Z06 and Grand Sport only.

Z06/Grand Sport Brake Caliper Retaining Pins

Are you a pad swapper at HPDE events – but are tired of the hassle (like busted tools or stripped fittings) of getting the OE retaining pins out on Z06 or Grand Sport calipers? Zip's race-spec bolts have a 10mm socket head so a 3/8" ratchet can be used for easier removal and install. Pads ride on a stainless bolt liner for improved pin shank wear. Dacrotized anti-corrosion finish prevents rusting. Car set includes 28 bolts for front and rear calipers.

Low Price Guarantee

Zip works hard to make certain our prices are competitive. That said, it's possible you may on occasion find "cheaper" merchandise elsewhere. If it is the *same brand* part or accessory offered for a lower price by another supplier, we'll match their published price. Note price must appear in a current magazine advertisement, Web site or catalog to qualify. Don't sacrifice quality and customer service for the sake of a few dollars – call Zip!

"No Discount"

An *(ND)* designation beside a part, group of parts or price indicates that "No Discount" is available on that part or group of parts.

Backorders

Over 96% of orders ship complete; however, backorders do occasionally occur. Most ship within 10 business days. For longer delays, our policy is to ship orders up to 30 days old. Past 30 days we'll call for authorization first. If you wish to cancel a backorder, please notify Zip as soon as possible.

Receipt of Order – Shortages

Inspect merchandise immediately upon receipt of order. Notify Zip of any shortages or discrepancies in your order within seven (7) days from shipment date. *No claims allowed after seven (7) days.*

Damaged Parts

All parts shipped are insured for the amount of purchase. Delivery of the products in good condition is the responsibility of the carrier. Should your order arrive damaged or missing merchandise, immediately notify the carrier (UPS, truck freight company, etc.) and Zip. Keep all shipping materials (box, packing, etc.) intact until an inspection can be made by the carrier.

Zip has over 25,000 parts and accessories in stock and ready to ship!

Core Refunds

Customers who have purchased a product sold on an exchange basis and had a core deposit applied must return the required rebuildable core within 30 days from the date of shipment. A copy of the original invoice must accompany the return. *Failure to return cores within 30 days may result in a reduction or loss of the core deposit.* Return freight for cores is the responsibility of the customer.

Returns & Exchanges

Zip includes a return form on the back of each invoice for your convenience. If you have questions or concerns regarding a return or exchange, call during regular business hours and speak to your Zip sales representative. *Returns are eligible for one (1) year without a restocking fee.* Return shipping is the responsibility of the customer. *C.O.D. return packages are not accepted.* The customer is responsible for returning parts *in the same condition they were received,* with proper packaging and *insurance* to cover the value of parts being returned. *Canadian and international customers, call for authorization to return parts.*

Sales Tax

Any order being shipped to an address in the state of Virginia must have 5.3% added to the total parts order for sales tax.

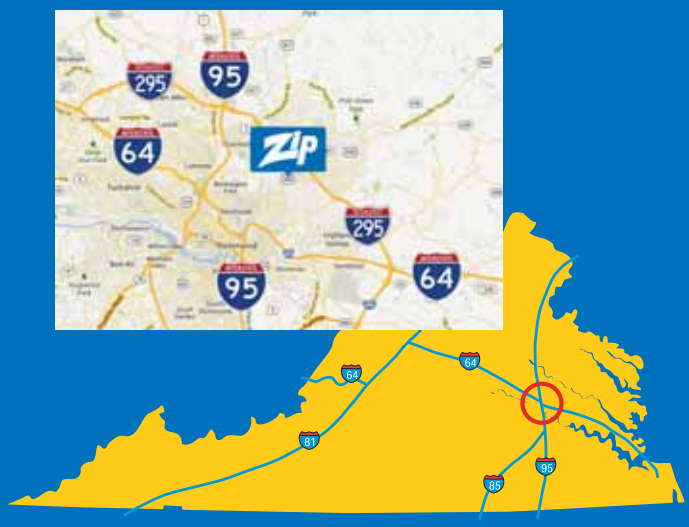
Liability Disclaimer

Zip Products is not responsible for any damage, injury, loss or any other charges, caused by delays or incurred in the replacement of any defective items. Zip's liability is limited to the replacement and the shipping cost of defective items only. Improper installation, damage or injury resulting from the use of items sold by Zip Products are the purchaser's responsibility. Due to changes in the Corvette industry, part numbers, specifications, prices and availability of parts can change. Consequently, there may be times when parts are discontinued or prices increased. Changes may also occasionally occur in our policies and terms. Call Zip during regular business hours for up-to-date information.

In-Store Shopping

Zip strives to have all our parts and accessories available for immediate pick-up at our showroom counter. Call before you come and we'll have your order waiting. Showroom hours are 8:30 a.m. to 5:30 p.m. EST Monday-Friday and 10 to 3 Saturdays.

When traveling in the Richmond, Virginia area, visit Zip Products in Mechanicsville. We're just east of downtown Richmond, and only a quick drive off interstates I-64, I-95 or I-295.



Shipping Information

Zip Delivers!

We're proud that orders placed by 3:00 p.m. EST ship that same day on in-stock items! Packages ship UPS Ground unless otherwise requested or unavailable due to location or size and weight of parts. Expected delivery is 1-6 business days within the continental USA. Please provide complete street address to ensure delivery. Saturdays, Sundays and holidays are not included in UPS delivery times.

UPS Air Services

UPS provides all Air services for Zip Products unless specified by the customer. Available services include Next Day Air, 2nd Day Air, and 3 Day Select. All charges are based on weight or dimensional weight (whichever is greater) and shipment destination. Saturday service is available on Next Day Air shipments only; an additional $15.00 per box charge will be added to the Next Day Air shipping charge. Saturday service is only available in the continental USA, and some destination restrictions apply. Actual UPS shipping charges are charged for each shipment.

Truck Services

Some parts in our catalog are too large to be shipped by UPS. These parts are noted in the catalog as "truck". Truck shipments are required to be prepaid for the total parts cost plus freight charges by check, money order or credit card. The customer is responsible for being at provided shipping address to accept parts.

Other Shipping Services

Zip Products also uses the services of FedEx and the U.S. Postal Service. Orders must be paid by credit card or prepaid check. Charges vary due to weight and location. All FedEx continental USA services are available. Packages sent through the Post Office are sent First Class Priority.

Handling & Insurance Fees

For protection against loss or damage of your purchase, all shipments are insured. Insurance costs are included in the shipping charge. There is no additional charge for Rush or Express Services to guarantee same day shipment of a package.

Zip International

From single parts to everything needed for a complete restoration, Zip ships Corvette parts the world over. International orders are processed within 24 hours of receipt and delivered via UPS, DB Schenker, the U.S. Postal Service or your own freight forwarder. Please specify shipping method preferred. If not specified, orders will be shipped by the best method as determined by Zip Products. For all international shipping methods except U.S. Postal Service, charges are based on actual weight or dimensional weight according to the size of the entire shipment, whichever is greater. Payment is accepted by credit card, approved check or bank draft. Separate invoices for parts and shipping are created to save on customs fees and duties. Shipping charges do not include any customs or duty fees and may not include brokerage fees. Quotes can be provided for total cost of order, if required due to payment method.

Canada: Orders must include full address with city and province. All orders are shipped UPS Ground or Air unless otherwise specified or UPS is unable to deliver to your location. To better serve our customers, Zip is recognized as being in effect an agent of the Canadian government, a status that allows us to collect all duties, taxes and brokerage fees at the time your order is processed. This arrangement means you know the exact cost to have parts delivered to your door – no hidden costs for your shipments!

Puerto Rico, Hawaii & Alaska: All Puerto Rico and Hawaii orders can be sent UPS Ground, Next Day Air, 2nd Day Air, or through the Post Office. Please specify shipping method preferred. Alaska is divided into two UPS zones: Rural and Metropolitan. Orders to both areas may be sent UPS Ground, 2nd Day Air, or through the Post Office. UPS Next Day Air is available only in Metropolitan areas.

A.P.O., F.P.O.: All orders going to these addresses must be sent by the Post Office.

Virgin Islands, Guam: All orders going to these locations can be shipped via UPS Express or the Post Office. Please specify shipping method preferred.

UPS Mail Orders

Customers within the continental USA placing orders by mail can use the Shipping Chart below to determine shipping amount to add to order. Download order forms at www.zip-corvette.com. Use shipping chart for orders paid by credit card, check or money order being shipped by *UPS Ground*. Total the RETAIL price of parts and add appropriate shipping charge to order total. Shipping Chart does not apply to some parts – please refer to part listing in catalog. Some items are extremely large or heavy and require additional Special Freight Charges (see below).

Special Freight Charges

Items requiring additional Special Freight Charges are marked in the catalog with the designations shown below. When orders include parts with one of these designations, include additional freight amount indicated for the extra shipping expense. Add this amount to applicable shipping amount shown on Shipping Chart.

Catalog items requiring additional Special Freight Charges are noted as follows, call your Zip Products sales representative for details.

Symbol	Special Freight Charge
